Adding of thinners to change viscosity is not recommended and may significantly change the properties of the cement.

STORAGE :

PIPE WELD PVC-701 Solvent Cement shall be ideally stored in a cool and dry location. Keep away from children.

QUALITY ASSURANCE :

PIPE WELD PVC-701 Solvent Cement is carefully evaluated to assure that consistent high quality is maintained by Gas chromatography, Viscosity, Hydrostatic Burst Test and additional in depth testing ensures each batch is manufactured according to standards. A batch identification code is stamped on bottom of each can and assures traceability of all materials used in the manufacturing.
